THE MANE EVENT

HorseHairs is now pleased to offer necklace pendants using a small amount of mane or forelock hair from your horse. Set on sterling silver, or 9 or 18 carat yellow, rose, or white gold the hair is sealed with a protective crystal clear glass resin.

Mane and forelock hair is often very fine and previously has been very difficult to incorporate into a piece of horsehair jewellery. Now in a range of designs, incorporating colour if you wish we can make it into a beautiful piece of very personal jewellery.

Pendants can be engraved on the reverse and can feature hair from as many horses as you wish. These pieces can also be made from hair from other animals such as dogs and cats as well.

For further information please visit www.horsehairs.co.uk, email info@horsehairs.co.uk, or call 01438 880936.
